

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + Make non-commercial use of the files We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + Refrain from automated querying Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + Maintain attribution The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + Keep it legal Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

Having been employed in reconnoitring the coast of the Isle of France previous to the arrival of the expedition, he was instrumental in discovering the spot where the descent was made; and, having been appointed to the charge of the Guides, he led the advance of the Army until the surrender of that Island. For his services on the above occasion he was nominated Extra Aide-de-Camp to the Commander-in-Chief, Sir Samuel Auchmuty, on the expedition to Java in 1811; and baving been sent in advance with the Chief Engineer to fix on the point of landing, he was engaged in a serious affair on the coast in the boats of H. M. ships Barracouta and Leda. On the landing of the Army he was engaged in the affairs of Wellevrieden and Samarang, and at the siege and assault of the fortified position of Cornelis. In 1812, having attained the rank of Captain in the corps of Madras Engineers, he returned on furlough to England. Shortly afterwards, having been placed on full pay in H. M. 87th Regt., he was appointed to a company in the 17th Portuguese Regt, with which he served in the Light Division of the Penin-ular Army until the conclusion of the war; having been present at the battles of Vittoria, Nivelle, Nive, Orthes, and Toulouse, and in all the affairs in which the Light Division was engaged. At the siege of San Sebastian he volunteered as an Engineer, and while so engaged was severely wounded. For his services on this occasion he was promoted to a company in the 27th Regt.; in 1816 was placed on half-pay; and on the 23rd June 1843 he was brought on full pay of the 5th Regt., and retired by the sale of his commissions. 2 Major Cooke served with the 43rd Light Infantry at Walcheren, in 1809; subsequently in the Poninsula, including the siege and storming of Ciudad Rodrigo, siege and storming of Badajos (wounded at the

[Returned from N. America, 23 May, 1842.]

1 Sir Roger Sheaffe served in Holland in 1799; and in the expedition to the Baltic, in 1801, under Sir Hyde Parker and Lord Nelson. The Americans having invaded Upper Canada at Queenstown on the 13th Oct. 1812, and General Brock, commanding in the province, having fallen in a gallant effort with an inadequate force to oppose them, they posted themselves on a woody height above Queenstown. Major-General Sheaffe, on whom the command devolved, assembled some regular troops and militia, with a few Indians, and on the same day attacked and completely defeated them, their commanding General delivering his sword to Major-General Sheaffe, and surrendering his surviving troops on the field of battle—their number far exceeding the assailants. For these services Sir Roger was created a Baronet.

2 Colonel Maxwell served the campaign in Calabria, and commanded the artillery that besieged Scylla Castle. Served subsequently on the Eastern coast of Spain; embarked with Lord William Bentinck from Tarragona, after having assisted at two sieges of that fortress; took part in the Italian campaign, and was

Brigade-Major to the artillery at the capture of Genoa.

4 Major De Lacy served in the Peninsula from Aug. 1809 to the end of the war, including the battles of Busaco and Albuhera, sieges of Ciudad Rodrigo and Badajoz, battles of Salamanca, Vittoria, Pyrenecs (28 July, to 2 Aug.), Nivelle, Orthes, and Toulouse. Received a gun-shot wound in the right arm at Vittoria. Has served seven years in the West Indies since the peace.

5 Captain R. S. Ridge served the Muhratta and Pindarree campaigns of 1817 and 18, and afterwards with

1 Sir Hugh Gough served at the captuse of the Cape of Good Hope, and the Dutch Fleet in Saldanha Bay, 1795. Served afterwards in the West Indies, including the attack on Porto Rico, the brigand war in St. Lucia, and capture of Surinam. Proceeded to the Peninsula in 1809, and commanded the 87th at the battles of Talavera, Barrosa, Vittoria, and Nivelic, for which engagements he has received a cross. He also commanded the regiment at the sieges of Cadiz and Tarifa, was slightly wounded in the head at Tarifa. At the battle of Talavera his horse was shot under him, and he himself was afterwards severely wounded in the side by a shell,—for his conduct in this action the Duke of Wellington subsequently recommended that his Lieut.—Colonelcy should be ante-dated to the date of his despatch, thus making him the first officer who ever received Brevet rank for services performed in the field at the head of a regiment. At Barrosa his regiment captured the Eagle of the 8th French Regiment; and at Vittoria they captured the Baton of Marshal Jourdan. At the Nivelie he was again severely wounded. Commanded the Land Force at Canton—for which he was made a GCB.—and during nearly the whole of the operations in China,—for which service he was created a Baronet. On the 29th Dec. 1843, with the right wing of the army of Gwalior, he defeated a Mahratia force at Maharajpore, and captured 56 guns, &c.

2 Lieut.-Col. Streatfeild served the Mahratta Campaign of 1804, 5, and 6, including the assault of Bhurtpore with the Grenadiers of the 65th, when out of 17 officers and 300 men who marched to the assault, 14 officers and 190 men were either killed or wounded. At the capture of the Isle of France in 1810. Served the Mahratta Campaign of 1817 and 18, including the capture of Hatrass.

On the 7th October, 1813, a General Order, of which the following is an abstract, was issued by the Commander-in-Chief:—

Whereas considerable inconvenience has arisen from the number of Medals which have been issued in commemoration of the brilliant and distinguished events in which the success of His Majesty's arms has received the Royal approbation, the Prince Regent has been pleased to command that the following Regulations shall be adopted in the grant and circulation of such marks of distinction: viz.—

1st. That one Medal only shall be borne by each Officer recommended for such distinction.

2nd. That for the second and third events, which may be subsequently commemorated in like manner, each individual recommended to bear the distinction shall carry a gold Class attached to the ribbon to which the Medal is suspended, and inscribed with the name of the Battle or Siege to which it relates.

3rd. That upon a claim being admitted to a fourth mark of distinction, a Cross shall be borne by each officer, with the names of the four Battles or Sieges respectively inscribed thereupon; and to be worn in substitution of the distinctions previously granted to such individuals.

4th. Upon each occasion of a similar nature that may occur subsequently to the grant of a Cross, the Clasp shall again be issued to those who have a claim to the additional distinction, to be borne on the ribbon to which the Cross is suspended, in the same manner as described in No. 2 of these Regulations.

His Royal Highness was further pleased to command that the distribution of Medals or Badges for Military services of distinguished merit shall be regulated as follows: viz.—

1st. That no General or other Officer shall be considered entitled to receive them, unless he has been personally and particularly engaged upon those occasions of great importance and peculiar brilliancy, in commemoration of which such marks of distinction are to be bestowed.

2nd. That no Officer shall be considered a candidate for the Medal, or Badge, except upon the special selection and report of the Commander of the Forces upon the spot, as having merited the distinction by conspicuous services.

3rd. That the Commander of the Forces shall transmit to the Commander-in-Chief, Returns, signed by himself, specifying the names and ranks of those Officers whom he shall have selected as particularly decomined.

shall have selected as particularly deserving.

4th. The Commander of the Forces in making the selection will restrict his choice to the under-mentioned ranks: viz.—

General Officers.

Commanding Officers of Brigades.

Commanding Officers of Artillery, or Engineers. Adjutant-General, and Quarter-Master-General.

Deputies of ditto, and ditto, having the rank of Field Officers.

Assistants, Adjutant and Quarter-Master-Generals, having the rank of Field-Officers, and being at the head of the Staff, with a detached Corps, or distinct division of the Army.

Military Secretary, having the rank of Field Officer.

-Commanding Officers of Battalions, or Corps equivalent thereto; and Officers who may have succeeded to the actual command during the engagement, in consequence of the death or removal of the original Commanding Officer.

The Crosses, Medals, and Clasps, are to be worn by the General Officers, suspended by a Ribbon of the colour of the sash, with a blue edge, round the neck; and by the Commanding Officers of Battalions, or Corps equivalent thereto; and Officers who may have succeeded to the actual command during the engagement; the Chiefs of Military Departments, and their Deputies and Assistants (having the rank of Field Officers); and such other Officers as may be specially recommended, attached by a Ribbon of the same description to the button-hole of their uniform.

Those Badges which would have been conferred upon the Officers who have fallen at or died since the Battles and Sieges, shall, as a token of respect for their memories, be transmitted to their respective families.—Vide the London Gazette, 9th October, 1813.
